Desert Disser-Tations

by Harry D. Schultz

YOU may or may not have noticed the "new look" in today's paper. It's this type you're reading. It's a brand new face. We bought it (and the stuff is expensive, costs 30c per letter and there are over 1,000 letters, or mats, to a full font of type) for a pretty solid reason. Why? Because it's more legible, easier to read, and because though it's easier to read it's' actually smaller than our regular type thus enabling us to cram more news per page. This makes each page more expensive to set but we throw such economic caution to the winds like mad fools in our passionate endeavor to give our readers ever more for their money. The new type also gives the paper a fine new bold face type it never had before which will make things sparkle and allow better emphasis when we or our numerous contributors feel emphatic.

KAKTUS JIM writes us that our page one masthead should be changed to read **400 DAYS** of sunshine per year in Yucca Valley, instead of 365. He said "please kerreck".

WE FLEW over Yucca Valley last Friday. What a sight! You get a whole new perspective of the hi-desert from up there. And the thing that stands out the most is the golf course (Hi-Desert Country Club), which looks like an oasis in the midst of brown tones. You are also impressed, at 5,000 feet, by the neat spacing of homes, far enough apart from each other so you feel free, unlike the big cities, which from the air look like you couldn't put a knife between the homes. We enjoyed being high over the high desert.

IN 16 years of adult newspapering I have written tributes to towns, ideas, leading citizens, my country, my mother, my aunt Tina, but never to the rock of Gibraltar at the side, my wife. So, whether anyone likes it or not, I'm writing it here and now. Ollie (the dolly) is the hardest working, most devoted, loyal, capable, clever, efficient, attractive, talented, lovely, charming wife and partner a man could wish for. It kind of got me today when an innocent visitor came in the office from Portland. He said hello to Ollie and brushed her aside to talk to "the boss", pointing at me, because he sees my picture atop the column. It's a natural mistake. But actually we're a partnership from the word go. We each work 20 hours a day, sometimes more, sometimes less. But it's a shoulder to shoulder deal. And Ollie can do most anything in a newspaper plant. She's running the folder as I type this; just volunteered to do it. She runs the addressograph, writes news, ads, sells, does bookkeeping and is a full fledged co-publisher. We wouldn't be where we are today without this teamwork. This paragraph will serve to better introduce you readers to your co-publisher and will serve as my anniversary gift to Ollie.

Ground Cleared For New Masonic Hall

YUCCA VALLEY rooters jammed the bleachers at 29 Palms Recreational Center last Friday night to witness the victory of the home-town team (pictured above) over the 29 Palms team, who said it couldn't happen. The Yucca Valley Youth Center team, sponsored by the Community Church, clobbered the 29 Palms Recreational Center lads 13 to 1 in a game that spilled over with excitement from beginning to end. The benefit netted some $100 which was donated to the building fund for the proposed Youth Center in Yucca Valley. Miss Sandi Peters donated a chocolate cream pie to the player scoring the first run who was Nes Mercatoris, fireball hurler from Y.V. Marguerite Schuler and Sandi Peters handled the snow cone booth for the benefit. Radio Station KDES of Palm Springs, always on hand for all benefits, donated the services of John Norman (and a Volkswagon) who helped sell tickets and made game announcements Stan Bortz umpired the 7 inning game. Team members above are: TOP ROW, Les Mercatoris, Ross Hammock, Bob Brownell, Gary Ansell, Gary Miller. BOTTOM ROW: Eddie Williamson, Morgan Richie, Lowell Miller, Steve Stine.

Early Saturday morning a group of Hi-Desert Sojourners cleared the ground on the site of the newly proposed Masonic Hall. Manning the grader was Sam Lafferty and Gordon Barth stood fire watch. Other participating members were Samuel Shaver, Jack A. Coffman, Jess Marshall, all of Yucca Valley, Capt. Helwig and Frank T. Cook of Joshua Tree and Steven Kreitz of Riverside. The Hi-Desert Sojourners are members of the Masonic Order and will offer the facilities of this club house to all youth groups regardless of other affiliations. It is felt that this project will have a bearing on the living and land values of this area and will be an addition to the community which will be used by the youth of this generation and those to follow.

Dr. Munson and Mrs. Holub have a mutual interest in exceptional children. Mrs. Holub is on the staff of the foundation for exceptional children in Long Beach and expressed the opinion that it would be wonderful to have a foundation in the Hi Desert.

SOFT BALL GAME

Let's give a rousing welcome to the Morongo Valley Soft Ball team at Covington Park. The first ball was tossed on the new diamond last Friday night. The "GEESON'S GONE GUYS" slaughtered the KALBE KOOL KATS to the tune of 19-7. An unusual interest was shown in the spectators. Hugh Thompson was bopped in the face. SYLINA EISEMAN was BOPPED on the thigh. Smitty is carrying a banged up finger, and men who are past the half way mark used muscles they had forgotten.

THERE WILL BE A SOFT BALL GAME EVERY FRIDAY NIGHT AT 6 P.M.

LETTERS TO THE EDITOR

To the Editor
Hi-Desert Star
Yucca Valley, Calif.

Dear Editor:

Some time ago I submitted a letter to you for publication deploring the misleading statements in a letter signed by initials C. M. N. Please note that I not only write but sign my letters because I am not afraid of the truth.

You did not publish my letter, but you did publish one signed Jane Garver and at this time I am prompted to ask: Why don't you speak for yourself, Eddie?

We will confine ourselves to answering Mrs. Garver's letter, and I want it known that I do not enjoy a conflict with a lady who we all admire but if she insists on absorbing the shocks intended for her husband that is her hard luck.

She speaks about Mr. Martin's four years of hard labor. Yet she knows that it was at least five years, and she does not mention the fact that he put a lot of his hard earned savings also.

She also mentions Mr. Garver's laborious hours. Does she think that those laborious hours can match Mr. Martin's years of skillful labor?

She alo notes "that it was agreed that the property should remain in Mr. Garver's name until it was self supporting and it was not so until December. Then how does she explain that four months later Mr. Garver refused to deed the property to a non-profit organization, which he had agreed to do.

She also notes that they are living in a one bedroom home and wearing hand me down clothes. Neither of which is Mr. Martin's fault, especially when he gave up all the comforts of a home and lived like a hermit in order to complete his project.

As to the hand me down clothes, we know of several who have donated liberally to the pastor and are not lucky enough to get good clothes that easy.

As to the "insulting letter", all I can say is that if the truth hurts, that is not my fault.

As to the tar and feathers. If anyone should suggest such a thing, I would refer them to the Good Book that says "Count him not as an enemy but admonish him as a brother."

Also the same Good Book admonishes us all to turn the other cheek, and also to trust in God. But some folks seem to rely on the sheriff.

Some folks no doubt wonder why I stick my neck out this way. Well I do believe in truth and justice and when from my bed I gaze into what was once a beautiful park, all due to Mr. Martin's skillful and cheerfully donated labor and which he sincerely intended to be dedicated to the wonderful teachings of Christ and not to a God of Mamman, I can't help asking myself "Oh justice where art thou?"

Respectfully submitted for publication by James A. Scott, 7043 Pawnee Trail, Yucca Valley, Cal.

Legion Auxiliary Joins Ranks With Post For Meet

By EVE ASMUS

The regular monthly meeting of the American Legion Auxiliary, Unit 469, was held August 6. Our usual potluck dinner was held at 6:30, with a large number of members present. The Auxiliary joined ranks with our Post and listened in on the enthusiastic report of the Boys' Stater, Don Bonito. It was gratifying to see Don return with so much knowledge gained, by the Post's efforts. As soon as the Auxiliary Girl Stater, Ruenell Oregta, returns from her summer vacation, she will be guest of the Auxiliary and bring to us her reactions of Girls' State.

The meeting was called to order by the President, Irene Tedder. Five new members were presented and the names of several others. Our President is eager to see that we at least equal the 21 new members we took in last year. I sincerely hope that number can be doubled this year. The Auxiliary, in its work for our veterans and their families, can use all the members eligible. All eligible members please contact us so that we may become acquainted and can also present your membership. It is our endeavor to contact all eligible members, however this is such a large territory, so sparsely populated, that we may miss you. It is not intentional, so if we miss you, you contact us as we are more than eager to make you a member of our Unit.

Much time was taken in the appointing of chairmen and the planning of the year's work and activities. We are in the process of purchasing a new stove for our kitchen and have much remodeling in mind. We expect this to be a wonderful year, so all you members, or eligible members, join with us and let's really make this year hum. Next regular meeting will be September 3.

Floyd and Avis McKee spent several days of their vacation at their desert home. Actually the land belongs to her mother, Mrs. Connie Sharpe. Mrs. Sharpe drew the lucky number on the draw for the land. Mrs. Sharpe is now 73 and has ahome for crippled children, in Los Angeles. She has spent many years with children and just doesn't seem to be able to give it up. The McKees have a daughter, Toby, who just graduated from U.S.C. in June. She is a clinical Laboratory Technician at the Huntington Memorial Hospital in Pasadena. Like most of the rest of the weekenders, the McKees have many projects they want to carry out and are sorry they can't spend more time out here. They call their desert home "Whitecrest".

Ralph and Innes Grigg and their children, Ronnie and Marla, spent a few days with her mother, Millie Malia. Marla has spent several weeks with Grandma, but Ronnie had to go to summer school so his stay in the desert was short this year. The children both like the desert and enjoy their vacations out here. The Griggs are from San Lorenzo and plan to see Las Vegas while they are down this way. That is, if Innes can get Ralph up long enough to get him there. Ralph would make a good desert rat, all he wants to do is eat and sleep.

The weatherman sort of slipped up Sunday afternoon and dumped some rain and hail on the Mesa.

Pearl and Benny Bentrud just returned from a fishing trip up around Bishop. Benny says the fishermen were so thick they had to take turns getting their bait wet. He says they were about as thick as the cars are on the Hollywood Freeway at 4 p.m. They had a good time though, and Pearl really can tell you some good tales.

Ann and Jerry Leptien have returned from a nice trip, which took them up the coast into Canada, down through Yellowstone Park, over into the middle west and back home. Jerry says that is enough to last him for awhile. A retired traveling salesman taking a trip. He retired the first of the year and hopes to be able to relax now and enjoy it. The Leptiens were gone a month.

Joshua Tree V.F.W. & Aux. Round-Up

Veterans of Foreign Wars Joshua Tree Post 7264 and its Ladies Auxiliary rounded up 24 persons to participate at a dinner at the Burnt Mountain dining room on Sunday evening, August 18.

Roast beef, served on platters th-a-a-at big, with German fried potatoes, put the members and their guests in a mellow mood.

Auxiliary Ways and Means Chairman Millie Plueger surprised the group with a prize drawing. The hand crocheted, hand embroidered table runner had been donated to the Auxiliary by the ladies of the Chapel of Light Church of Santa Barbara, and was won by Tom Shedden, who promptly turned it over to his wife, Jenny.

It was announced that due to the Labor Day holiday, the regular meeting for the first part of September will be held on Wednesday, September 4 at the Sportsmen's Hall in Joshua Tree, for both the Post and the Auxiliary. (Dorothy Smith, Pub.)

GOLF DOPE

By WES YALE

Hazel and I just returned from a little trip up north. I stopped at quite a number of golf courses mainly to compare them with our course and it was really gratifying to find that ours will vie with any of them and better than some.

The most unique course was at Carson City, Nev., a new course that opened last October, the same time that we did. I played the course with Mayor Turner Huston, a swell fellow. He told me all about the course. Seems the city of Carson gave two fellows a free lease on the city owned land for five years, then after that they pay the city a small rental on the land on a longtime lease. The town is really 100 per cent back of the course, the different merchants have donated all the tee benches. Of course they have their ads on them. The service clubs put in the drinking fountain, the V.C. put in a bunch of trees. Gov. Rusesll is No. 1 member and a regular player. Several different organizations have their golf teams and are having regular match competition. I think this is all quite remarkable for a town no larger than Carson City.

We welcome as new members Dean Howell of Yucca Valley, M. J. Huber of 29 Palms and Maynard Berg of Indio.

Also first time players at the course Commander Brown of the American Legion and some of his Legion boys. Ed Koskie of 29 Palms and Santa Monica has been turning in some par scores lately which is unusual for a south paw.

The American Legion is having a hole-in-one contest here at the golf course Labor Day. They are giving several $25 war bonds. Let's help them out and buy a ticket.

The boys cleared most of the moss out of the lake while I was away, looks much better; we also stocked the lake with mosquito fish, etc. Lots of beautiful birds down at the lake now. Come over and see them.—Wes

LETTERS TO THE EDITOR

Mrs. Charlotte Kincaid
c/o Hi-Desert Star
Dear Mrs. Kincaid:

In re your heart-wrenching article in Hi-Desert Star Aug. 2nd. Too few concerned persons ever see such a reminder of such outrages perpetrated against animals. For instance the Humane Review published at Albany has a circulation only of thousands—they tried to expose the racetrack fire racket—over a thousand **well insured** horses perished in the last twenty years to the financial advancement of their owners, yet no race track has been compelled to fireproof its stables, nor have the activities of the insurance fire underwriters been curtailed —and so on.

There is a great need for a national coverage column syndicated, appearing in all magazines and newspapers to keep the people daily informed of the cruelties, specifically named, that go on unnoticed in this so called civilized land of ours.

You are evidently a newspaper woman — why couldn't you conduct that sort of column as well as columnists who write merely about show dogs, breeds, etc.?

Individuals can do nothing. Irene Castle and Estelle Taylor have worked for years for legislation with little success as then appeals reach only a minority. Even the A.S.P.C.A., which does a great deal of good, is too loosely connected an organization and so seldom gets a case into court. Life magazine has published sadistic activities from time to time, ie. — The annual tearing apart of a live rooster by a mob to get the dollar bill attached to its leg—and the beating to death of a fox by a gang including their children — but this publicizing of sadistic happenings now and then is not enough—the public must be aroused day after day until there is legislation so severe — and carried out without suspended sentences (such a farce) until vicious practices are curbed.

When we moved to the desert in '35 I was horrified at the shooting of burros for sport. I wrote around — and what few burros are left are still being shot at.

The nightmare of the cattle trucks is still with me — overloaded, stalled in piteiless desert sun after long hauls without water.

I wrote trucking companies to arrange some sort of water device, a shadt even if not insulation for their trucks—what good did it do? An individual can do nothing but an aroused public through national daily cruelty-publicity might. Congressmen and Senators reply politely that they agree with me and will consider any bill proposed—and that's that.

With a daily syndicated anti cruelty column plus a professional organizer to contact and consolidate all the independent humane groups, proper legislation might be accomplished.

If the railroads would unanimously agree to operating fast freights, cars insulated roofs, watering facilities and nonpacking together of animals—they might possibly put the cattle trucking people out of business.

There should be a national law prohibiting crowding, long hauls of livestock anywhere.

I hope you are not bored with all this—I sometimes get so filled with despair and helplessness over the plight of animals. Please consider an anti cruelty, national publicity column to reach **all** people. There are enough wealthy people, enough humane minded people to do something constructive if they could only be informed—and often.

Sincerely yours,
Dorothy Walmsley.

Quantities of radios, small appliances, and other valuable items are being stolen from absent cabin owners, especially in the 5-acre tracts.

So, all property owners are being asked, for their own protection, to record a description and serial number for each valuable item in their cabins and mail to the Yucca area sheriff. It will also aid in handling public service messages.

Tract owners are also requested to report suspicious persons loitering around cabins. Send coupon to Sheriff Webb, Box 682, Yucca Valley.

RIM ROCK

By IRENE FOX

A birthday party was given by the Pattens in honor of Helen Walgren of Yucca Valley Sunday evening. Guests were Helen's husband, Ed, Harold and Ida Van Ness with son Bill, Butch Roberts, Bart and Mable Norman, Reece and Irene Fox. Beth Ann Patten presented her gift of an embroidered dish towel which she had made. This is an unusual art of a six-year-old today and a lucky youngster to have Grandma Thorne as teacher.

Recommended to the Rim Rock Motel from inquiries made by Mr. and Mrs. Ward of Long Beach of a place for quietness and to be away from from it all. They report that at first they were skeptical with the thought of leaving the main road and coming ten miles from Yucca Valley to be at a motel that has kitchen and modern facilities. They came and spent several days, also plan a return soon. "Doc" and Mrs. Schrader of Los Angeles were also at the motel for the weekend.

Also first visitors to Rim Rock were Mr. and Mrs. Leo Rogers, recently from Phoenix, Arizona, now settling at Pomona, and after looking around this area with brother George made inquiries of our real estate woman, "Honey Fellers" of Pioneertown on what is available for sale. They liked it here that much. George's wife Lou is the daughter of Mr. and Mrs. Samson of the Burnt Mountain Motel.

Post 469 Hears Delegate From Boys' State Week

By LARRY ASMUS

Yucca Valley Post 469, American Legion, held its regular monthly meeting on August 6, 1957. The meeting, as usual, was preceded by a potluck dinner, put on by the Auxiliary, which, as usual, was outstanding. One of the new members said the Auxiliary had the best cooks in the valley.

The guest of honor was the Boy Stater, Don Bonito, of 29 Palms, who gave a talk on his experiences during the Boys' State Week. Don was very enthused with his trip and says he sees many things in a different light now. He was accompanied by his mother and father.

The Boys' State project is only one of many which the American Legion sponsors. Some of the others are parties for the veterans of Patton Hospital. This is a District project. The service officer and assistant to take care of emergencies in the community and to assist those in need. The hall is donated for Boy Scout and Cub Scout meetings. The Community Christmas party is also helped by the Yucca Valley Post. This is just a partial list that those who are not eligible may know a little of what the American Legion does.

During the business meeting the committee on the Post Office reported that financing could not be arranged, so the Post Office bid was dropped. A letter was read about the seriousness of the fire hazard to our resort areas and water sheds. Posters are being requested and will be distributed by the Boy Scouts. Everyone is asked to be more careful with fire in resort areas and to be particularly careful of cigarette butts and matches.

To help pass the time Labor Day weekend, a Hole-in-One contest was scheduled. This will take place at the Golf Course, on Labor Day. You don't have to know golf to play and in the past it has been found that the experts don't make out as good as the 'hams". Mr. Keffner has offered to help out by showing the neophytes some of the tricks.

Ten new members were taken in at the meeting. The Post hopes to make at least 150 this year, the quota is 96.

Floyd Ryan is assistant service officer, and he serves Morongo Valley.

Don't forget the hall is open every night but Sunday and Thursday. The hosts would like to see a larger turnout to keep them company.

Legal Notices?

If you are operating a business under a fictitious firm name Section 2466 of the Civil Code says "Every person and every partnership transacting business under a fictitious firm name must file a certificate stating the name in full and the place of residence of each person and members of such partnership; such certificate must be published once a week for 4 consecutive weeks."

If you have neglected this procedure, do you realize that you are not entitled to maintain suits for collection, or other purposes in courts of the State of California?

Take care of this important matter NOW. The Hi-Desert STAR is not yet adjudicated for legal advertising, but the STAR is handling Yucca legals thru its sister newspaper, the Desert Sentinel in Desert Hot Springs. So, you boost Yucca most by placing your legals thru the STAR, in the Sentinel. Call the STAR today, in Yucca Valley, your hometown newspaper.

PIONEERTOWN

By HONEY FELLERS

Again, there needs to be a correction of false rumors in regard to bowling activities at the PIONEER BOWL. MR. THOMPSON wishes it known that, as usual, LEAGUE BOWLING will start the 9th of September, with two newly-hired permanent pin-setters and two extras for fill in whenever needed. Leagues are now making reservations for their scheduled dates; the alleys have been put in good shape, and all is in readiness for a big season of LEAGUE and OPEN bowling.

BEN MITCHELL boasts that he is the most jovial and the very best "PEARL DIVER" in Pioneertown, and says: "If you don't believe it ask MARY HERD, waitress at the Golden Stallion." So, I did. See MARY'S answer at the bottom of this column.

'Spose we're not living right? Each day when the rain clouds come up, we think we're in for a good dampening. Then this "Wayward Wind" blows them right around the ridge. But we can be thankful that we have that fine breeze,—so I guess we are doing alright.

For weeks now I've been hearing of HESTER DOWNING'S new patio. So, I took a look see. WOW! and double WOW! It's a beauty, and the first of its kind here; 13x20 and walled with native stone. I suppose next there'll be a swimming pool, already?

CHAR and ERNIE BRASK are vacationing at their Village place for two weeks. House guests will be Char's God-son and family from Pleasant Hill.

A potluck dinner at the Community Church on Tuesday evening was well attended and everyone was bursting with good food and good will.

MARY: "Sure he's the best. He's the only. And he learned his trade at the "BULLDORF HISTERIA".

Your Name In The Paper

How valuable is local newspaper advertising to local business people? Here's what the American Bankers magazine, a publication which represents a traditionally hard-headed profession, has to say: "No business man or woman should allow a newspaper to go to press without his or her name and busines being mentioned somewhere in its columns. This does not mean you should have a whole half, or even a quarter page advertisement in each issue of the paper but your name and address should be mentioned if you do not use more than a two-line space.

"A stranger picking up a newspaper should be able to tell what business is represented in a town . . . it's the best possible town advertiser. The man or woman who does not advertise does an injustice to himself or herself and definitely to the town."

Bendall Guests

Mrs. Martin Eichman and son Steven from San Diego visited her sister, Mrs. Kathy Bendall and spent two days visiting here.

FLYING SPARKS FROM BURNT MOUNTAIN

By THE MICK

The Youth Group of the Florence Avenue Church of Christ in Los Angeles spent three days riding and swimming at Burnt Mountain Ranch. Their last evening was topped off with movies at the swimming pool. Their hostes while in the desert was Edna Briggs, who has a home on Geronimo Trail.

The Veterans of Foreign Wars had their dinner at Burnt Mountain dining room Sunday night.

Mr. and Mrs. George Rogers of Phoenix, Arizona have been visiting Mrs. Rogers' parents, Mr. and Mrs. Samson of Burnt Mountain Friendly Motel. They will make their future home in Los Angeles.

Mr. and Mrs. Harre Starr of the Burnt Mountain area, have had as guests this last week Mr. and Mrs. O. E. Golie of Granite Falls, Minn., Mr. and Mrs. Jack Everett and children of Arcadia, Mr. and Mrs. Murray K. Vallance and children of Monterey Park.

The Lions Club had their monthly dinner at the Burnt Mountain dining room Monday, August 19.

Marian Furton, youngest daughter of Marian and Al Furton of Burnt Mountain is visiting her parents. She seems to like it so well here may decide to stay. Welcome aboard Marian.

Mr. and Mrs. E. A. Jessee have disposed of their property in Fontana and are now making their home in their pretty trailer at Maud Landgraf's Burnt Mountain Trailer Park. Mr. Jessee is an employee of the Southern Pacific Railroad. They are planning to spend the winter in Yucca Valley.

An enjoyable weekend was spent recently by Mr. and Mrs. Eddie Walgren in Gardena. The occasion being a celebration of the combined birthdays of Mr. Walgren's mother, his sister Mrs. Ray Funston of Wilmington, sister-in-law Mrs. Stanley Walgren of Torrance. Fourteen, including grandchildren and great-grandchildren of Mrs. Walgren Sr. All enjoyed a picnic dinner. Mr. Eddie Walgren is an associate of Charles Watkins Realty Co. in Yucca Valley.

Mr. and Mrs. Walter Rhodes of Rialto spent the weekend with Mr. and Mrs. Jessee at the Burnt Mountain Trailer Park.

Mrs. Kate King and daughter are spending a few days in their trailer, which they leave here the year round. Virginia, Mrs. King's daughter, is a teacher of Adult Education in Los Angeles. Mrs. King is a representative of the Golden Gate Baby Togs, with her office and show rooms in Los Angeles. Maude and Kate have been life-long friends.

Newcomers to California and Yucca Valley are Mr. and Mrs. Justine Willoran and two daughters, Justine 4 years and DeDe 2 years old. They are from Boston, Mass. They are making their home at Burnt Mountain Trailer Park.

News received by Mr. and Mrs. Charles Jackson of Burnt Mountain Trailer Park of a new great-grandson, Curtis Steven LaMotte, 9 lb. 11 oz. He is a son of Mr. and Mrs. L. C. LaMotte of Redondo Beach who visit Yucca Valley real often.

A minor tragedy occurred at Burnt Mountain Rancho Wednesday evening when Mrs. Harry Housh's little chihuahua was run over. The loss of a pet of long standing is never trivial and we sincerely extend our condolences. The incident may well serve to point up the hazard ever present. It might have been one of the many children who thoughtlessly play among parked cars both at the ranch and at Circle 8 Corral Skating Rink. Let's be careful. It could happen to anyone, and commonplace as cars are, they can become lethal weapons.

Cherie and KT are back, riding herd over the skating rink which is again in full swing. Their trip to Santa Barbara was an unqualified sucess. Cherie has acquired a young golden palomino she calls Yucca San—(Mr. Yucca to you)—and given a little time she expects him to blososm out in all his pristine glory. Her colt seems to have picked right up where she left off before her owner-trainer went away.

Yucca Valley Horse Owners' Association had a potluck steak fry and movies at the Yucca Corral last week. The Mmes. Anna Starr, Betty Brownell and Helen Boyd had birthdays which were duly celebrated. The Horse Owners are planning an outing and ride Labor Day,—probably Horsemen's Park at Idyllwild. The rodeo and parade at Lancaster in the near future is under consideration, also.

Horse trading at Burnt Mountain continues apace. Snapper for Arsenic,—now who would you say came out ahead on such a transaction? We wonder, for Snapper's new owner, at one time a-straddle of Arsenic) is now found, more likely than not, facing aft on Snapper. No, it's not the heat. We're confused too.

FLASH! "Four-bits", the famous Burnt Mountain Billie (?) goat that pulls a cart but has no hope of posterity and is thus less obnoxious than nature intended, has gone to sea. To spell it out, he has been purchased for "duty" on Santa Catalina Island. We'll wager this momentous event will set to wagging the tongues of native goat populations of that beautiful isle..

9th Anniversary

Mr. and Mrs. Myrl C. Rupel (the Flying Principal of Yucca Valley) flew to Phoenix, Arizona for dinner, celebrating their 9th wedding anniversary.

The Valley wishes them years of happiness.

"MACHINE GUN KELLEY" Sez:

"She says she's in the flower of youth."
"Well, this is the first time I ever saw a geranium that had to wear a girdle around her pot."

There is this about a woman's weight
She always wants to change it;
To put some on or take some off,
Or just to rearrange it.

Two campers were startled one day when a forest ranger came into their camp and told them the stream from which they were getting water was polluted. "What are you doing to make it drinkable?" "Well, first we boil it," they replied. "Excellent, what else do you do?" "Then we put in some of those pills that are supposed to make water safe." "Very good." "And to be doubly sure, we drink whiskey instead."

make all that racket with his wings and we'd wonder if it was some kind of a mating noise or sumpin. Anyway we never did get it figgered out what he was doing it for but we had lots of fun atryin. Well the other evening we was sittin out under the umbrella tree and by golly zip comes a bird and grabs a grasshopper right out of the air. That bird had a heck of a time tryin to kill that grasshopper. It took him about five minutes of rasslin with that grasshopper before he got him striped of his legs and wings so he could eat him. Well sir, we kinda liked that bird for killin the grasshopper. Later on about dusk we got into our comfy chairs on the patio to sit as we do every evening till bedtime and purty soon there seemed to be sumpin missing. There shure enough was—no katydid. Doggone, the bird had killed our katydid. You know, right away we both felt like killin that bird, Ma got kinda crinkly around the nose but she didn't quite cry. By Jiminie, I got to thinkin. Are we goofy or sumpin. If a cat had killed the bird we would like to shoot the cat. If a dog had killed the cat we'd want to poison the dog and if a feller shot the dog by golly we'd get the S.P.C.A. to put the feller in jail. Sob sisters? I dunno. Skip it.
